

2012 Southern Connecticut Invitational Science & Engineering Fair

CALL FOR JUDGES!

It's almost time for the 12th annual Southern CT Invitational Science & Engineering Fair, sponsored by the Southern CT Science & Engineering Foundation, a 501(c)(3) non-profit organization. (www.scsef.org) Currently we are recruiting **200** judges for this important event.

Individuals with a background in one of the sciences, engineering or mathematics are needed to serve as judges for the fair to be held Saturday, February 4, 2012 at Amity Regional High School in Woodbridge, CT. Judges include, but not limited to: doctors, nurses, biologist, chemists, engineers, teachers, and college seniors majoring in the sciences.

To sign up, contact Fran Lichtenberg: Judges@scsef.org

Judge's Responsibilities on Fair Day - February 4, 2012

Judges should plan to arrive at the fair by 8:00 am on Saturday, and will be finished with judging by 1:00 pm.

Judges will be provided with complimentary breakfast and lunch. Also, you will be offered on-line training via the fair website at www.scsef.org. Training will be recapped during breakfast on the fair day.

Each judge will be responsible for judging 5-8 projects or research proposals in Life Sciences, Physical Sciences, or Engineering. You will work in teams of 2 or 3 members, each with a "captain" who has previously served as a judge. Each project is evaluated by two teams. Having as many judges as there are projects keeps the judging process manageable.

It is important that the judging be concluded by 1:00 pm, so that the awards ceremony can be begin promptly at 1:30 pm. Judges are encouraged to stay for our Keynote Speaker and awards presentation.

Keynote Speaker: Dr. Daniel K. Riskin, Bats Specialist

The Keynote Speaker will be Dr. Daniel K. Riskin, an award-winning evolutionary biologist who specializes in the study of bats and promotes science outreach through television. He is the co-host of Daily Planet, a science show for Discovery Channel Canada. Riskin's TV work includes Animal Planet's show about parasites, *Monsters Inside Me*, and guest appearances on *The Dr. Oz Show*, *The Tonight Show with Jay Leno*, and *The Late Late Show with Craig Ferguson*.

**Join Us on February 4, 2012
for the 12th Annual Southern
CT Invitational Science &
Engineering Fair!**

SCISEF is sponsored by the Southern Connecticut Science & Engineering Foundation, Inc. (SCSEF), a 501(c) (3) organization. As a non-profit organization, we rely on the generous donations from individuals, corporations and other foundations. Please consider giving today so that we may continue to inspire and educate students.

If your company has a matching donation program, please contact us for further information.
