The Yale BioHaven Entrepreneurship Series features presentations designed to showcase regionally developed life science technologies that have progressed along the path to commercialization. Speakers at the BioHaven events represent both the scientific and business side of the enterprises.

The programs focus on key success factors of each company, scientific or technological advantage, business model, and lessons learned in starting and developing the business. The series also provides social networking opportunities for scientists/researchers in the Yale community.

Registration is free, but please RSVP in advance.

Directions to Kline Geology Laboratory Auditorium, 210 Whitney Avenue, New Haven

From East or West

Take Interstate 95 to the junction with northbound Interstate 91. Travel a short distance north on 91 and exit at the Trumbull Street exit (EXIT 3) which will take you beneath the freeway and to the west. Continue on Trumbull until the second light where you turn north on Whitney. Follow Whitney to the second light (Humphrey Street). You will have just passed Kline Geology Lab (modern brick building, three stories) on the left.

From the North

Travel south on Interstate 91 passing through Hartford and ending at New Haven. Leave the freeway at the State Street exit. At the bottom of the off-ramp, turn right on Humphrey Street. Continue through 3 traffic lights, the last of which will be a T intersection with Whitney. Kline Geology Lab will be on your left.

Parking

The building is facing the parking lot # 22 on Whitney Ave. which is on the corner of Humphrey & Whitney. Parking is free after 4pm.
